4.3b	Commodity Composition of Imports – 2012 - 2013	52
4.4	Volume of Imports of Petroleum Products – 2011-2013	53

Introduction

The Liberia Financial Statistics (LFS) is, among many, the major source of statistical information about the Liberian economy. It remains the key provider of appropriate and up-to-date information to its readers and users who are in both the public and private sectors, especially those interested in making business and economic decisions based on statistical data.

This publication represents the Fourth Edition (the months of July and August) of 2013; notably Volume 15, No. 4. However, the data coverage extends from January 2011 to August 2013. You will also note that the document also covers data compiled from the four (4) key sectors – Monetary (or Money and Banking), Real, Fiscal and External (or External Trade) of the Liberian Economy.

For graphical presentation of some of what is happening in the Monetary Sector, the graph on the cover page denotes the Average Lending Rate as of September, 2012 to August, 2013.

The management of the Central Bank of Liberia (CBL) is pleased to inform the public that it remains exceptionally grateful to all its many data providers for their collaboration and cooperation which have immensely contributed to the publication of this document.

It is the hope of the Bank's Management that this excellent relationship will continue to nurture as we strive together in building a strong statistical database for our country.

The Harmonized Consumer Price Index (HCPI) is an amalgamation of the Classification of Individual Consumption by Purpose (COICOP), consisting of twelve functions (major groups) together with the Monrovia Consumer Price Index (MCPI) and its weights obtained from the 1964 limited expenditure survey. The Survey sample comprised wage-earner and clerical-employee households of two or more persons with monthly income not exceeding US\$250.

The Harmonized Consumer Price Index (HCPI) is an amalgamation of the Classification of Individual Consumption by Purpose (COICOP), consisting of twelve functions (major groups) together with the Monrovia Consumer Price Index (MCPI) and its weights obtained from the 1964 limited expenditure survey.

The Survey sample comprised wage-earner and clerical-employee households of two or more persons with monthly income not exceeding US\$250.
