Introduction

Liberia Financial Statistics (LFS)

First Edition

Feb. 2020

The Liberia Financial Statistics (LFS) is a bi-monthly database publication by the Central Bank of Liberia (CBL) intended to meet the research needs of students, the academia, the business community, policy makers and development partners. The publication is made six times a year with the first, second, third, fourth, fifth and sixth editions appearing in February, April, June, August, October and December, respectively. The data frequency is monthly and expressed in thousands or millions of Liberian or United States dollar with each publication covering the period of three years.

The graph on the cover page represents the monthly period average exchange rates from March 2019 to February 2020.

The Central Bank of Liberia is grateful to its many data providers both in the public and private sectors whose cooperation in providing the required data has helped to continuously make this publication successful. The CBL assures all data providers that data provided will only be used for statistical purpose to inform research and policy decisions.

The Harmonized Consumer Price Index (HCPI) is an amalgamation of the Classification of Individual Consumption by Purpose (COICOP), consisting of twelve functions (major groups) together with the Monrovia Consumer Price Index (MCPI) and its weights obtained from the 1964 limited expenditure survey. The Survey sample comprised wage-earner and clerical-employee households of two or more persons with monthly income not exceeding US\$250.

The Harmonized Consumer Price Index (HCPI) is an amalgamation of the Classification of Individual Consumption by Purpose (COICOP), consisting of twelve functions (major groups) together with the Monrovia Consumer Price Index (MCPPI) and its weights obtained from the 1964 limited expenditure survey. The survey sample comprised wage-earner and clerical-employee households of two or more persons with monthly income not exceeding US\$250.
