Introduction

Liberia Financial Statistics (LFS)

Third Edition

June 2019

The Liberia Financial Statistics (LFS) is a bi-monthly database publication by the Central Bank of Liberia (CBL) intended to meet the research needs of students, academics, the business community, policy makers and development partners. The publication is made six times a year with the first, second, third, fourth, fifth and sixth editions, respectively, appearing in February, April, June, August, October and December. Data frequency is monthly and expressed in thousands or millions of Liberian or United States dollar with each publication covering the period of three years. The graph on the cover page represents the monthly inflation rates from July 2018 to June 2019.

The Central Bank of Liberia is grateful to its many data providers both in the public and private sectors whose cooperation in providing the required data has helped to continuously make this publication successful. The CBL assures all data providers that data provided will only be used for statistical purpose to inform research and policy decisions.

Appendix

Revision Notice

In September 2019, the CBL formally adopted the Standard Reporting Form (a new format for reporting Monetary and Financial Statistics, (MFS)). With this new development, most of the data, starting with this 3rd Edition of the LFS, have been revised and new line items added consistent with the Standardized Report Form (SRF). The revision began from January 2017. The appendix highlights key changes resulting from the adopting of the new reporting template.

	OLD MFS Template	NEW MFS Template (SRF)
NFA	Used Fixed USD/SDR end-period rate and Includes Receivables	Uses Market USD/SDR end-period rate which is not fixed and does not include Receivables
Domestic Credit	1. Claims on GOL includes loans to GOL, Securities 2. General Government and Public Corporation are separate accounts 3. Claims on "other sector" considers Private Sector and NBFIs	Claims on GOL includes all Loans, Securities, Account Receivables and Clearing Accounts GOL General Government, State and Local Government and Public Corporation are considered as General Government. Claims on Other Sector added Other Financial Corporation (MA) in addition to Private Sector.
Other Items Net (OIN)	1. Net off unclassified liabilities and Assets of CBL and banks 2. Net off reserves and currency holdings of banks	1. consolidate claims and liabilities of CBL and banks. 2. Calculate OIN of CBL and banks separately and add the sum of CBL and banks OINs to the consolidation in step 1.
Vertical Check	Under the old template balancing item was used to balance assets and Liabilities and therefore vertical check is zero	Under the new SRF template there is no balancing item. So, if the balance is not balanced it will show in the vertical check. Because the ODC balance sheet is not balanced, the difference shows up in the vertical check.
Broad money, transferable deposits, security other than shares, securities other than shares excluded from broad money, Financial Derivative, insurance technical reserves, Central bank float, shares and other equities, etc.	Not in the previous edition of LFS	New line items added under Depository Corporation Survey, DCS , starting with this edition of LFS.
Claims on non-residents, liabilities to non-residents, Reserve deposits and securities other than shares, claims on other sectors, liabilities to central bank, transferable deposits included in broad money, etc.	Not in the previous edition of LFS	New line items added under Commercial Banks Survey, ODCs , starting with this edition of LFS.
Claims on non-residents, liabilities to non-residents, claims on other depository corporation, claims on other sectors, claims on state and local government, claims on public nonfinancial corporations, liabilities to other depository corporations, liabilities to other sectors, deposits included in broad money, etc.	Not in the previous edition of LFS	New line items added under the Central Bank Survey starting with this edition of LFS.
